

# Newham Sparks

**Free - learn how artificial intelligence can boost your business**

**Unlock the potential of AI, data and other tools to promote your business and help it run smoother**

**Join these workshops, led by the London Design and Engineering UTC:**

1. How AI can simplify everyday tasks
2. How AI can speed up administrative tasks
3. How AI can enhance your business operations
4. How 3D scanning can help to capture memories and promote your business
5. How 3D scanning can engage and impress your customers
6. How 3D scanning can be used for personal projects and beyond

- For all Newham businesses including small businesses and sole traders
- Sessions for residents new to AI and data
- No limit on the number of workshops you can attend
- Bring your own laptop

Workshops begin from Tuesday 30 January - for more information and to sign up, scan this QR code with your phone:

Training provided by leading students from London Design and Engineering in partnership with Newham Council.
