

Job Announcement

Dialogue Hub Community Interest Company is excited to invite all d/Deaf and hard of hearing people to be part of the “Dialogue Express Cafe” in Stratford.

Dialogue Café is a social inclusion project that was developed by Dialogue Hub CIC.

It is the idea of a coffee shop that blends hearing impaired and their cultures with qualified coffee culture. Together with that, beyond being a café, it is a multi-purpose sharing, empathy, and social inclusion project.

One of the dreams of Dialogue Café for the ideal society is to break the prejudiced approach towards the disabled, and to initiate a transformation of perception by emphasizing the existence of the individuals in the society in pleasant and alternative ways.
