ABOUT SUSTAINABLE CITIES FESTIVAL

04 - 06
MARCH 2026

Delivered by the Royal Docks Centre for Sustainability at the University of East London, the Sustainable Cities Festival is a three-day collaboration platform bringing together communities, businesses, educators, policymakers and innovators to shape healthier, fairer and more sustainable urban futures.

Taking place from **4 to 6 March 2026 at UEL Docklands Campus and across the Royal Docks**, the festival is designed to be practical, welcoming and participatory. Expect inspiring talks, hands-on sessions, roundtables, site tours and networking that connect people working on sustainability from different angles, including lived experience, enterprise, research, policy and delivery.
